

May 29, 2019

Dear Piano participant,

We are implementing a new registration procedure for private piano lessons. All current students must be signed up one week before the class starts to keep their reserved time slot. We do not reserve spots in any of our programs and can no longer do it for piano lessons.

If you do not sign up and pay by the registration deadline, you will lose your time slot and we will contact those on the waitlist.

See the attached spreadsheet with the session dates for summer 2019 through spring 2020. The registration dates and prices are listed for each session. This information is also on our web site.

You can register over the phone by calling 860-258-2772, Monday-Friday, 8:30am-4:30pm.

Please let me know if any questions. Thanks.
